### Lesson Objectives:

People will have the opportunity to make their own signs to hang around their house to remind them to do things such as recycle, turn off the lights, turn off the water while brushing their teeth, ect.

### Summary of Tasks / Actions:

- Make small signs to put up around the house to remind yourself to do more environmentally friendly things.

Reflective questions:

1. Why did you choose what you chose on your sign?
2. How will you make sure that this is actually done around your house?

### Materials / Equipment:

- Paper
- Markers
- Example one
- Stickers
- Crayons
- Scissors
- Construction Paper

### References: Takeaways

Doing little things like recycling a cardboard egg carton instead of throwing it away makes a big difference for the environment. Prioritizing environmentally friendly household activities is the best way to change your lifestyle.

For example: turning off lights, unplugging electronics, and reducing waste.

**Take Home Tasks: Put your signs up around your house to remind yourself to do the more environmentally friendly tasks.**
